

What is a School-Parent Compact?

This is a plan that describes how East Hardin's administration, faculty and staff, parents and students will develop a partnership to support the student learning. This plan promotes support of family engagement activities and events that will increase student learning at school and home.

Why have a School-Parent Compact?

East Hardin values the contributions and involvement of families and recognizes that parents are the most important teacher a child can have. Through the plan we hope to promote a partnership that will improve student achievement.

Jointly Developed

The families, students and staff of East Hardin Elementary School developed this School-Parent Compact. Teachers suggested home learning strategies, families added ideas to make them more specific and students told us what would help them learn. Meetings and events are held each year to review the compact and make changes based on student needs.

Families are welcome to contribute comments and suggestions at any time.
